**Please find below and/or attached an Office communication concerning this application or proceeding.**

### **Sequence Compliance**

It has been brought to the attention of the examiner that allowed application 09/242,843 contains inconsistencies between the CRF and paper forms of the sequence listing. This communication refers to the sequence listings dated 8/28/00 (applicant's paper copy filed on this date) and 9/14/00 (PTO partial print out of CRF "RAW" sequence listing). It is noted that the <222> fields of the two listings are different. It is noted that the <22> field is mandatory in the listings since the listing contains "n"s (See MPEP 2424.02).

This application contains sequence disclosures that are encompassed by the definitions for nucleotide and/or amino acid sequences set forth in 37 CFR 1.821(a)(1) and (a)(2) and this application fails to comply with the requirements of 37 CFR 1.821 through 1.825 for the reason(s) set forth above.

Applicant is given ONE MONTH, or THIRTY DAYS, whichever is longer, from the mailing date of this letter within which to comply with the sequence rules, 37 CFR 1.821 - 1.825. Failure to comply with these requirements will result in ABANDONMENT of the application under 37 CFR 1.821(g). Extensions of time may be obtained by filing a petition accompanied by the extension fee under the provisions of 37 CFR 1.136(a). In no case may an applicant extend the period for reply beyond the SIX MONTH statutory period.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Sean R. McGarry whose telephone number is (571) 272-0761. The examiner can normally be reached on M-Th (6:00-4:30).
